1 Official Opening

6:30pm The Presiding Member welcomed all those in attendance and declared the meeting open.

The Presiding Member read aloud the Acknowledgement of Country.

Acknowledgement of Country

Before I begin, I would like to acknowledge the Whadjuk Noongar people as the Traditional Owners of this land and pay my respects to Elders past, present and emerging.

I further acknowledge their cultural heritage, beliefs, connection and relationship with this land which continues today.

The Presiding Member invited Cr Ryan to read aloud the Affirmation of Civic Duty and Responsibility on behalf of Councillors. Cr Ryan read aloud the affirmation.

Affirmation of Civic Duty and Responsibility

I make this affirmation in good faith and declare that I will duly, faithfully, honestly, and with integrity fulfil the duties of my office for all the people in the City of Belmont according to the best of my judgement and ability.

I will observe the City's Code of Conduct and Standing Orders to ensure efficient, effective and orderly decision making within this forum.

4 Announcements by the Presiding Member (without discussion) and declarations by Members

4.1 Announcements

'Please note that any questions taken on notice this evening will be responded to in writing in the normal manner.

As we are approaching the end of the Council year, and with the last ABF for 2024 scheduled for next week, there will not be enough time for Officers to prepare responses to questions taken on notice at tonight's meeting to be included in the agenda papers to be published this Friday, being the Agenda for the meeting of 10 December 2024.

Therefore, as authorised by Regulation 7 (1) (a) of the *Local Government* (*Administration*) *Regulations 1996*, I have determined that the questions taken on notice tonight and the responses given will be included in the Agenda for the Ordinary Council Meeting scheduled on 25 February 2025, and not the Agenda for 10 December 2024.'

4.2 Disclaimer

6:34pm The Presiding Member drew the public gallery's attention to the Disclaimer.

The Presiding Member advised the following:

'I wish to draw attention to the Disclaimer Notice contained within the Agenda document and advise members of the public that any decisions made at the meeting tonight can be revoked, pursuant to the Local Government Act 1995.

Therefore members of the public should not rely on any decisions until formal notification in writing by Council has been received.'

4.3 Declarations by Members who have not given due consideration to all matters contained in the business papers presently before the meeting

5 Public question time

5.1 Responses to questions taken on notice

5.1.1 Ms L Hollands, Redcliffe

The following question was taken on notice at the 22 October 2024 Ordinary Council Meeting. Ms Hollands was provided with a response on 14 November 2024. The response from the City is recorded accordingly:

4. Where does it state in the Standing Orders that directly affected does not include affected as a result of a cost to a policy or an item that you want to address Council on?

Response

The decision as to whether a person is directly affected by a matter is for the CEO to determine upon application before a meeting (Standing Orders 6.6(1)(a) and 6.7(1)(a)), or for the Presiding Member to determine at the meeting (Standing Orders 6.6(1)(b) and 6.7(1)(b)).

5.1.2 Mr S Walker, Bentley

The following question was taken on notice at the 22 October 2024 Ordinary Council Meeting. Mr Walker was provided with a response on 14 November 2024. The response from the City is recorded accordingly:

1. How many City of Belmont staff live beyond the boundaries of the City of Belmont area, and use public transit to commute to their workplace?

Response

A definitive response to this question is not possible as it would require a 100% response from all staff.

However, the City did complete a survey of staff associated with the Faulkner Park Civic Precinct, parking assessment in February 2023. Of the 75 staff who responded, 30 live further than 20 km from the Civic Centre workplace, 70 reporting car driver mode share, 5 travel by other means – walking, bus, train or ride share.

5.1.3 Ms P Itzstein, Ascot

The following question was taken on notice at the 22 October 2024 Ordinary Council Meeting. Ms Itzstein was provided with a response on 14 November 2024. The response from the City is recorded accordingly:

3. What is the basis of the City's assumption that under the Golden Gateway Draft Local Structure Plan, 0.0525 hectares could represent an acceptable amount of public space?

Response

The State Government document Liveable Neighbourhoods outlines that there are no minimum public open space requirements for mixeduse developments.

Despite this position, investigations identified the redundant Daly Street road reserve as an area that could be utilised for public open space. Additional opportunities within the precinct include the Belmont Trust Land, Ascot Kilns site, and spaces within private development sites. Further information on these opportunities is provided in the 27 August 2024 Ordinary Council Meeting Minutes (Item 12.2).

5.1.4 Ms N Celenza, Redcliffe

The following questions were taken on notice at the 22 October 2024 Ordinary Council Meeting. Ms Celenza was provided with a response on 14 November 2024. The response from the City is recorded accordingly:

1. Can the City publish the average total traffic volume for both directions on Stanton Road between 3.30am and 6.30am from the current October traffic count?

Response

Stanton Road, vicinity of Tonkin Highway Bridge. 817 westbound. 763 eastbound. 1580 total.

2. Can the City publish the average total traffic volume for both directions on Lyall Street between 3.30am and 6.30am from the current October traffic count?

Response

Lyall Street, just south of Great Eastern Highway. 294 northbound. 30 southbound. 324 total.

3. The last three traffic counts on Lyall Street confirmed that hundreds of out of area vehicles use Lyall Street between 3.30am and 6.30am. Why does the City consider this volume of traffic starting as early as 3.30am, using Lyall Street as a route to Great Eastern Highway not a problem?

Response

Lyall Street is a public access road and is available for use at any time by as of right vehicles.

4. Does the City recognise that Lyall Street is now being used as a cut through to Great Eastern Highway to bypass Epsom Avenue traffic lights?

Response

Lyall Street can be used in preference to other route choices, depending upon the time of day and traffic conditions at other locations on the local road and state road network.

5.1.5 Mr M Cardozo on behalf of Belmont East Ward Connect

The following questions were taken on notice at the 22 October 2024 Ordinary Council Meeting. Mr Cardozo was provided with a response on 14 November 2024. The response from the City is recorded accordingly:

1. How is it technically permissible from a governance perspective for the City to unilaterally decide to present findings sought by a Council resolution back to Council via an Information Forum, where no minutes are kept?

Response

The City follows the City of Belmont Standing Orders Local Law 2017 in particular Part 18 (Briefings and Informal Meetings) which enables Council to conduct informal meetings such as briefings and workshops.

As per the City's Standing Orders, no formal motion is moved or resolution passed at any informal Council meeting. This is consistent with the City's commitment to good governance and transparency of decision making as Council decisions can only be made at Council Meetings.

2. Can the City publish a list of the local distributer roads for each of the four wards, including their start and end points, and a map showing these roads in each ward would be ideal. If a map is not possible, then a detailed list of these roads and their boundaries would assist the community.

Response

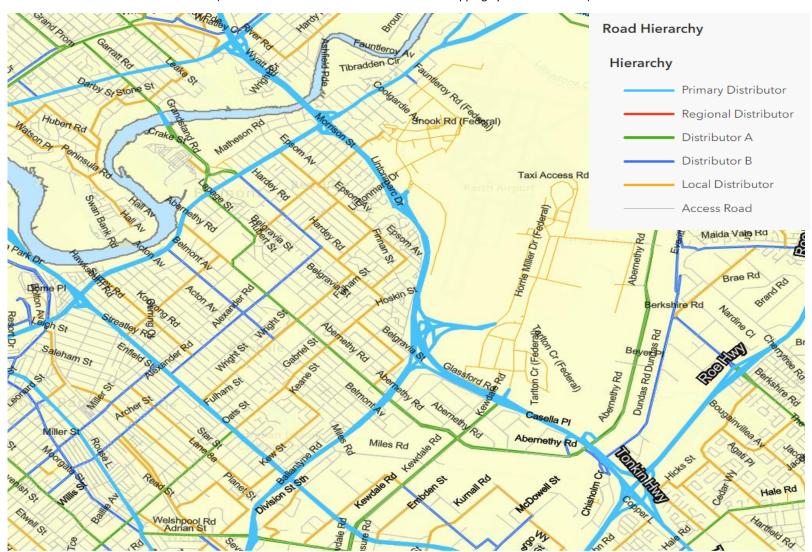

Refer attachment 5.1.5.1.

4. Can the City explain why the City holds the repeated view that traffic calming measures only impact the residents who live on the road in which the traffic calming devices are installed in?

Response

The City does not agree with the implied inference that is the basis of this query.

The City has recently undertook a comprehensive traffic study in the Redcliffe Area that includes detailed modelling of traffic calming scenarios and the resulting impact on traffic across the area.

ROAD HIERARCHY LISTING INCLUDING FEDERAL ROADS (Source – Main Roads WA Road Information Mapping System – Nov 2024)

5.1.6 Mr A Gibb, Ascot

The following questions were taken on notice at the 22 October 2024 Ordinary Council Meeting. Mr Gibb was provided with a response on 14 November 2024. The response from the City is recorded accordingly:

1. Is there any plan formulated by the City, for protections for pedestrians, visitors and workers for CraigCare Ascot, as well as residents and visitors of Ascot in terms of traffic and safe access?

Response

The City developed pedestrian-friendly infrastructure in 2021 around CraigCare, including a new 1.5m wide concrete footpath and accessible pram ramps that connect the main organisation and café entrance to the footpath across Waterway Crescent. This change has added value to the community, particularly for those using public transport on Grandstand Road.

Currently, it is understood that the infrastructure in place offers adequate protection and connectivity for stakeholders using the amenities around the area. As such, the City has no immediate plan for new infrastructure measures, but is happy to assess specific requests.

Finally, it is worth noting, we are also reviewing our Sustainable Transport Plan (STP) to identify priority areas and actions for improving safety, accessibility, and network connections. We appreciate community feedback as we enhance these initiatives and strive to adopt and implement best practices. As such your feedback will be considered.

2. Will Council investigate whether it would be appropriate for a 40km/h speed zone within the Estate of Ascot Waters and Ascot Vale to be implemented?

Response

The City can investigate a 40 km/hr area speed limit in Ascot Waters, including the Ascot Vale area.

The process requires collecting traffic data along with an assessment of infrastructure changes required under the Main Roads, Low Cost Urban Road Safety (LCURS) program to help ensure vehicle driver behaviour is compatible, when a 40 km/hr speed limit is imposed.

The City is required to prepare a plan of the works for the review and formal approval of Main Roads WA for posting a 40 km/hr speed limit, before implementation of the works.

3. Will Council introduce speed humps and chicanes not unlike those in Hardey Road?

Response

Speed humps and chicanes represent potential treatments, however their inclusion cannot be confirmed at this time, until an area wide assessment is completed, refer response to question two above.

4. Will Council introduce unguarded, but acknowledged pedestrian areas in areas such as Pitman Park and Grandstand Road?

Response

The City continuously looks at opportunities to improve its infrastructure to provide a reasonable level of safety for its stakeholders through community feedback and quantitative investigation. If data suggests treatments such as unguarded crossings are warranted at this location, the City will explore the feasibility of installing such treatments.

As noted in response to question one above, the City is currently reviewing their Sustainable Transport Plan and community feedback is welcomed. As such, your feedback will be considered.

5.2 Questions from members of the public

6:35pm The Presiding Member drew the public gallery's attention to the rules of Public Question Time as written in the Public Question Time Form.

In accordance with rule (I), the Mayor advised that he had registered 5 members of the public who had given prior notice to ask questions.

The Presiding Member invited members of the public who had yet to register their interest to ask a question to do so. One further registration was forthcoming.

5.2.1 Mr T McGrath, Ascot

1. Regarding the Perth Racing Block on the corner of Resolution Drive and Northerly Avenue. Any apartment development should be kept to a minimum height (less than six storeys) due to a lack of parking (one car per unit) facilities under State law. Inadequate parking will see cars flooding onto adjacent streets, due to 2 car households, visitors etc. Can you please comment on this?

Response

The Director Development and Communities stated that this question relates to Lot 452 on Grandstand Road, Ascot which is Lee-Steere House, the administration building for Perth Racing. The Draft Ascot Racecourse Precinct Local Structure Plan proposes a maximum building height of 3 storeys on this lot. Parking associated with future development would need to meet the standards contained within the residential design codes, local planning scheme or local structure plan. The consultation for the Draft Ascot Racecourse Precinct Local Structure Plan is still underway until 6 December 2024. Mr McGrath can make a submission to be considered in the next steps of the Structure Plan consideration process.

2. Regarding the Ascot Kilns between Resolution Drive and Grandstand Road. Any apartment development should be kept to a minimum height (less than 6 storeys) due to a lack of parking (one car per unit) facilities under State law. Inadequate parking will see cars flooding onto adjacent streets (which are already under high demand), due to two car households, visitors, etc. Can you please comment on this?

Response

The Director Development and Communities stated that the Draft Golden Gateway Local Structure Plan does not propose any changes to the use or development of the Ascot Kilns site. It identifies an opportunity to achieve public open space on the Kilns site, and the need for further planning to be undertaken by the landowner, the Department of Planning, Lands and Heritage.

5.2.2 Ms L Hollands, on behalf of Belmont Resident and Ratepayer Action Group

1. The town of Port Hedland recently passed a motion to suspend the COVID vaccinations. Documents related to this were sent to Councils nationwide, including the City of Belmont. Can the Mayor address whether the Council will take any action in relation to this?

Response The Mayor stated that the question would be taken on notice.

2. Will Council get independent legal advice?

Response The Mayor stated that the question would be taken on notice.

3. When an email was sent from Belmont Resident and Ratepayer Action Group to Councillors at 6:00am on Monday 25 November 2024, a response was received from the Chief Executive Officer by 10:00am. Why weren't we getting proper answers from those we elect, rather than non-answers from the Chief Executive Officer who the Council appoints?

Response

The Mayor stated that the question would be taken on notice, and also advised that the email in question was discussed between the Mayor and Chief Executive Officer before a response was issued.

5.2.3 Ms L Hollands, Redcliffe

1. At the 22 October 2024 Ordinary Council Meeting, I asked a question asking where in the Standing Orders does it state that directly affected does not include affected as a result of the costs a policy. Could the Mayor define his interpretation of 'directly affected', as it is not defined in the Standing Orders?

Response

The Mayor advised it is up to his discretion, and also stated that the question would be taken on notice.

2. Why do you think that items that will cost the ratepayers money do not directly affect them?

Response

The Mayor advised it is up to his discretion, and that the Mayor evaluates the applicant's circumstances very carefully to see if they are impacted.

3. At the 22 October 2024 Ordinary Council Meeting, I attempted to ask a question on behalf of another resident who was not in attendance. The Mayor at this time advised of 'Rule f' that accompanies the Public Question Time Proforma, "When a member of the public submits a question and then does not attend the meeting in person, that question will be treated as an item of correspondence and will be answered in the normal course of

business. The question and response will not be recorded in the minutes." This is not a part of the Standing Orders. Why does the Mayor try to use rules that are not a part of the Standing Orders, and why are we not using the Standing Orders so everyone is treated the same?

Response

The Mayor stated that everyone is treated the same, and that the question would be taken on notice.

4. At the start of Public Question Time, the Mayor advised that residents who are asking questions are to follow the rules on the back of the Public Question Time Proforma. Why are we referring to these rules if they are not in the Standing Orders?

Response

The Mayor stated that this process is following the correct rules.

5.2.4 Mr M Cardozo, Redcliffe

 This question pertains to the process and criteria for determining "directly affected". Could the City outline the process and criteria it uses to determine whether an individual qualifies as 'directly affected' under Sections 6.6(1) and 6.7(1) of the Standing Orders, including how these criteria are communicated to applicants?

Response The Mayor stated that the question would be taken on notice.

2. If "directly affected" determinations under Sections 6.6(2) and 6.7(2) of the Standing Orders are not considered formal decisions under Section 5.20 of the *Local Government Act 1995 (WA),* which requires decisions to be made by a simple majority of Council members at a formal meeting, could the City explain how the "directly affected" binding determinations at an Agenda Briefing Forum are procedurally distinct from formal decisions?

Response The Mayor stated that the question would be taken on notice.

3. With reference to Section 5.20 of the *Local Government Act 1995 (WA)* and Sections 6.6(2) and 6.7(2) of the Standing Orders, which state that requests referred by the CEO must be decided "by simple majority" of the Council, could the City confirm whether the current process at Agenda Briefing Forums aligns with these requirements, specifically are decisions on deputations and submissions consistently determined by a simple majority vote of Council members as outlined in the Standing Orders?

Response The Mayor stated that no decisions are made at an Agenda Briefing Forum, and that the question would be taken on notice.

- 4. Could the City provide data on the number of submissions and deputations approved or rejected at Agenda Briefing Forums (ABF) since February 2023? and,
 - i) confirm how these binding determinations align with the publication and transparency obligations under Section 5.96A(1)(f) of the *Local Government Act 1995 (WA)?*

Response

The Mayor stated that the question would be taken on notice.

5.2.5 Mr M Cardozo on behalf of Belmont East Ward Connect

1. At the 22 October 2024 Ordinary Council Meeting, the City indicated that a revised Stanton Road Low Cost Urban Road Safety Programme proposal would be presented to Council with the Redcliffe Traffic Study report for community consultation. Can the Council outline the full community engagement strategy or detailed consultation plan for the revised Stanton proposal, including the proposed catchment area and timeline?

Response The Director Infrastructure Services stated that the question would be taken on notice.

2. Given the City's confirmation of a revised Stanton Road proposal, can the Council confirm that the previously promised engineering evidence, including time-based analysis of Stanton Road and surrounding side streets demonstrating the plan's effectiveness in discouraging its use as a preferred route compared to the Dunreath / Tonkin interchange, will be published to the community to uphold the integrity of the project?

Response

The Director Infrastructure Services stated that similar questions have been answered twice in the past few months. The Traffic Study will detail the times before and after treatments, and will also outline the recommendations and the reasons for the recommendations.

3. If Council determines that Agenda Briefing Forum (ABF) is an informal or non-statutory meeting, and the livestreaming policy allows for the livestreaming of any meeting, statutory or otherwise, does the policy need to be amended to allow livestreaming of ABF's?

Response

The Chief Executive Officer stated that any decision on livestreaming was accompanied by a recommendation to Council. Council discussed this at an Information Forum, at an ABF and made a decision at the Ordinary Council Meeting, which was not to include ABFs in the Livestreaming Policy. The Chief Executive Officer further stated as to Mr Cardozo's question on submissions and deputations at ABF's, that it is not the decision of Council, but the decision of the Presiding Member on whether a resident is directly affected and may speak to an item.

4. Given that the *Local Government Act 1995 (WA)* emphasizes transparency, accountability, and community participation (Section 1.3), and no definition of 'directly affected' exists in the Act or the Standing Orders, can the City publish the rationale or reason for this specific decision to reject this applicant?

Response The Mayor stated that the question would be taken on notice.

5.2.6 Ms J Gee, Cloverdale

1. I understand that bollards are planned to go on the corner of Abernethy Road and Gabriel Street in the next two weeks, and I had also been advised that there was an issue with Water Corporation pipes at this location. I was told in July 2024 that the bollards were going to be installed, why was this not done sooner?

Response

The Director Infrastructure Services stated that there is a Water Corporation main directly underneath the path, this is actually an asbestos main. The City had to liaise with Water Corporation, and send out a team to mark up where the main is, and where bollards could be installed. These processes took some time. As discussed with Ms Gee, the bollards will be installed next week.

2. Can I ask Council to ensure that the bollards are put down Abernethy far enough? Recent accidents have shown they are not occurring right on the corner of Gabriel Street and Abernethy Road, but flipping and going further down Abernethy Road.

Response

The Director Infrastructure Services stated that the City did consider this and engaged in detailed discussions with officers. The location of the Water Corporation main causes considerable problems along that section. There is a requirement to offset any works the City undertakes by 600mm from the main, and the main runs directly under the edge of the footpath. As the footpath is 1.6 metres wide, for the City to install bollards they would have to be installed 600mm in from the edge, essentially in the middle of the footpath. The City would not recommend doing this for that reason.

3. Will Council be proactive, rather than reactive and seriously consider the questions I have asked? The Left in Left out (LILO) is not coming in until after the Summer season, so we have Christmas and New Years where there is still potential for accidents.

Response

The Director Infrastructure Services stated that the City issued letters yesterday explaining what the City is doing in relation to the Abernethy Road Traffic Study. That will be released to the community in the New Year for consultation. In the meantime, the City will be doing a temporary closure in mid-January of the median at Abernethy Road and Gabriel Street, pending further consultation with the community to provide a permanent solution. This matter will then hopefully come to Council around March or April 2025 with recommendations.

7:02pm As there were no further questions, the Presiding Member declared Public Question Time closed.

Purpose of report

For Council to consider Local Planning Policy No. 11 – Public Art Contribution (LPP 11) for final adoption following public advertising.

Summary and key issues

- Local Planning Policy No. 11 requires that developments valued over \$4.5 million within specified precincts contribute at least 1% of the total construction cost to public art.
- While the Policy has operated satisfactorily over time, it has not had a substantive review since it was originally adopted in 2011. A review of LPP 11 was undertaken with key changes made relating to:
 - Revised policy objectives;
 - Modified precinct areas;
 - Clarification on cash contributions in lieu of onsite public art; and
 - Clarification on the value of public art for significant developments.

- Council adopted the revised LPP 11 for public advertising at the Ordinary Council Meeting (OCM) on 23 April 2024.
- Draft LPP 11 was advertised from 16 May 2024 to 7 June 2024 (23 days), with one submission received.
- Following advertising and consideration of the submission received, the draft Policy has been reviewed with the following modifications :
 - References to the City's Public Art Management Plan and Public Art Guidelines have been included.
 - Provisions have been simplified and refined to improve clarity.
 - Definitions of key terms have been refined.
 - An additional provision which clarifies that where art is integrated into a development, the art contribution must be in addition to the overall cost of the development.
 - Administrative modifications.
- The revised LPP 11 establishes a contemporary framework for public art within the City and offers improved guidance for developers to meet their public art obligations.
- It is recommended that Council adopt the revised LPP 11 contained as Attachment 12.1.1.

Officer Recommendation

That Council:

- 1. Adopts the revised Local Planning Policy No. 11 'Public Art Contribution' in accordance with Schedule 2, Part 2, Clause 4 of the *Planning and Development (Local Planning Schemes) Regulations 2015 (WA)*.
- 2. Directs the Chief Executive Officer to:
 - a) Notify the submitter of Council's resolution.
 - b) Publish a notice in the PerthNow newspaper.
 - c) Display Local Planning Policy No. 11 on the City's website.
 - d) Make any changes to Local Planning Policy No. 11 which are necessary for administrative efficacy and clarity.

Note:

Cr Sessions put forward the following Procedural Motion.

Procedural Motion

Location

The revised LPP 11 identifies various precincts for public art provision, as illustrated in Figure 1 below. These precincts generally represent significant redevelopment areas, activity centres and business precincts.

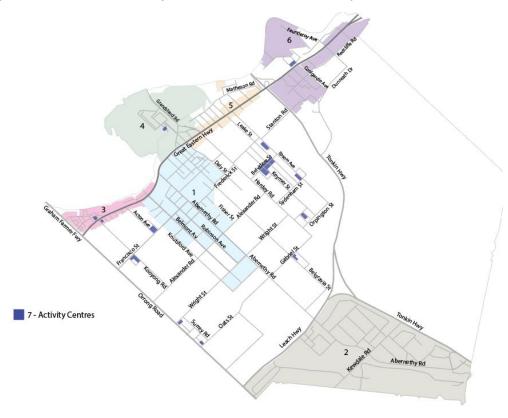

Figure 1: Revised LPP 11 Public Art Precincts

Consultation

The revised LPP 11 was advertised from 16 May 2024 to 7 June 2024 (23 days), by way of:

- Publishing a public notice in the PerthNow newspaper on 16 May 2024.
- Displaying a public notice and information on the City's website.

The City received one submission during the advertising period. The key points raised in this submission relate to:

- The wording of Policy definitions.
- A threshold for public art being included, to require contributions above a certain amount to be provided as a cash contribution.
- Increased discounts on cash contributions to incentivise this form of contribution.

The Report section discusses these key points further.

A summary of this submission and the associated officer response is contained as Attachment 12.1.2.

Strategic Community Plan implications

In accordance with the 2024–2034 Strategic Community Plan:

Key Performance Area: People

Outcome: 2. A strong sense of pride, belonging and creativity.

Key Performance Area: Place

Outcome: 7. Attractive and welcoming places.

Policy implications

Local Planning Policy No. 11 – Public Art Contribution

Local Planning Policy No. 11 establishes a basis for developers to provide and/or contribute towards public art through the development approval process. The Policy outlines the objectives and standards which the City will use to evaluate public art proposals and the approval process.

Should Council adopt the revised LPP 11, it will supersede the existing policy.

Public Art Directions and Masterplan 2011

The Masterplan provides guidance on the delivery of public art throughout the City. Specifically, the Masterplan outlines the process that private developers shall follow when required to provide public art in accordance with LPP 11.

The Masterplan has been reviewed and a new Public Art Management Plan and Public Art Guidelines have been drafted to further support the revised LPP 11, particularly regarding the process for collecting and spending cash contributions. These draft documents will be presented to Council at a future meeting.

Statutory environment

The procedure for making and amending a local planning policy is outlined under Schedule 2, Part 2, Clauses 3 to 6 of the *Planning and Development* (Local Planning Schemes) Regulations 2015 (WA).

Background

The inclusion of 'percent for art' requirements is a long standing and accepted element of the Western Australian planning framework.

In 2011, Council adopted the City's Public Art Policy. Local Planning Policy No. 11 requires developers to contribute towards public art as a condition of development approval where the cost of their development exceeds \$4.5 million, and the development is located within one of the identified precinct areas. The contribution, which amounts to 1% of the estimated development cost, can be fulfilled by providing public art on the development site or making a monetary contribution to the City's Public Art Reserve.

Whilst LPP 11 has operated satisfactorily over time, it has not been reviewed since it was originally adopted in 2011. Therefore, a review of LPP 11 was initiated to ensure it remains contemporary and effective. At the 23 April 2024 OCM, Council endorsed the revised LPP 11 for public advertising. Draft LPP 11 was advertised from 16 May 2024 to 7 June 2024.

Report

At the conclusion of the advertising period, one submission was received on the revised Policy. The key points raised in this submission will be discussed in further detail below, in addition to several minor modifications which are proposed to the Policy following advertising.

Policy Definitions

Professional Artist

The advertised version of the draft Policy contained the following definition for 'Professional Artist':

"A practicing visual artist who:

- Has completed a university degree or minimum 3-year full time TAFE diploma in fine art, visual art or multimedia forms of art;
- Has a track record of exhibition artwork at reputable art galleries selling the work of professional artists;
- Has had work purchased by major public collections or university collections or Artbank; or
- Earns more than 50% of their income from teaching art, selling art or undertaking public art commissions."

The submission requested the definition be amended to state 'a practicing artist must comply with 2 of the 4 criteria'. This is considered appropriate as it offers flexibility and inclusivity for a range of artists to meet the Policy definition. Therefore, the definition has been amended to state 'a practicing visual artist who satisfies a minimum of two of the following criteria'.

Public Art

The submission provided an alternative definition for 'public art' which included reference to building features and enhancements, 2D works such as murals, 3D artworks which are freestanding, and multimedia including sound, video or lighting.

The current definition is considered adequate in defining what constitutes public art. Specifically, the definition already references murals and sculptures, which are forms of 2D and 3D artworks. It is considered that making further mention of these is unnecessary. However, it is considered appropriate for the definition to be updated to reference `multimedia, including sound, video, or lighting' as forms of public art.

The submission suggested rewording the reference to "architectural features located on a building," acknowledging that public art is often integrated into the building fabric. Amending the definition to specifically include architectural elements as public art could create ambiguity and blur the distinction between building costs and dedicated art costs. For this reason, it is recommended that the definition remain unchanged.

If a specific case arises where genuine public art is integrated into a building, it is important to note that, as a local planning policy, there is inherent discretion to consider such cases. However, at its core, the policy should maintain a clear definition that distinguishes public art from standard architectural elements.

Contribution Required Separate to Development Cost

For clarity, a new provision has been introduced requiring that the public art contribution be made in addition to the overall development cost.

This provision will ensure that the full contribution is allocated exclusively to public art to achieve the bona fide artistic outcomes which are sought and avoid the contribution being absorbed by general development expenses.

On-Site Artwork Contribution Limit

The Policy does not set a maximum limit for the contribution amount that can be spent on art on a development site. The submission requested the introduction of a \$350,000 limit for on-site art, requiring any additional contribution amount to be made as a cash payment.

In considering this submission, it should be noted that the City aims to provide developers with flexibility as to how they fulfil their public art contribution requirements, whether this is through on-site installations or cash contributions. Imposing a cap for on-site public art is not considered appropriate as it restricts this flexibility.

Contribution Discount

The Policy offers a 10% discount to developers who provide the entire contribution amount as a cash payment, with the discount capped at \$10,000. The submission proposed increasing the discount beyond 10% to further incentivise cash contributions.

The 10% reduction aligns with practices adopted by other local governments, including the City of Melville, City of South Perth, and Town of Victoria Park. This discount is intended to encourage cash contributions to the City, supporting the implementation of the Public Art Management Plan and Public Art Guidelines, which are currently being drafted. It is considered that a 10% discount is appropriate, as it balances incentives without compromising the City's ability to deliver high-quality public art outcomes.

General and Administrative Modifications

• Reference has been made to the Public Art Management Plan and Public Art Guidelines throughout the document where appropriate.

- The statement 'Cash in lieu payments will be expended within the activity centre from which they were received, subject to suitable locations for public art being available' has been removed from the 'Policy Area' section and included in the 'Policy Statement' section.
- Definitions and provisions within the Policy have been refined to ensure clarity and remove repetition.

Conclusion

It is recommended that Council adopts the revised LPP 11 contained as Attachment 12.1.1.

Financial implications

The draft LPP 11 allows for developers to provide a cash contribution to the City in lieu of delivering public art on their development site.

Contributions are paid into the City's Public Art Reserve and will then be expended in accordance with the City's Public Art Guidelines and Public Art Management Plan. While these documents are currently under review to further support the implementation of LPP 11, the adoption of the policy is not contingent upon them, as LPP 11 simply serves as the initial trigger for contributions.

Environmental implications

There are no environmental implications associated with this report.

Social implications

The provision of public art within the City can positively contribute to enhancing a sense of community and wellbeing, improving the overall vibrancy of the City of Belmont.

Local Planning Policy No. 11 Public Art Contribution

Publication date: 11/12/24

Local Planning Policy No. 11

Pursuant to Schedule 2, Part 2, Clause 4 (Deemed Provisions) of the Planning and Development (Local Planning Schemes) Regulations 2015.

1. Policy Basis

The City of Belmont recognises that public art enhances the utility, amenity and identity of the municipality.

This Policy establishes a basis for developers to provide and/or contribute towards public art through the development approval process. The Policy outlines the objectives and standards which the City will use to evaluate public art proposals and the approval process.

This Policy should be read in conjunction with the City of Belmont's Public Art Management Plan and Public Art Guidelines.

2. Policy Application

This Policy requires landowners to make a 1% public art contribution where:

- (i) The estimated construction value of their development exceeds 4.5 million; and
- (ii) The development proposal is located within a Public Art Precinct identified in Figure 1 of this Policy.

3. Policy Area

The Policy Area consists of the following Public Art Precincts which are illustrated in Figure 1:

- 1. Civic, Town Centre and Mixed Business Precinct
- 2. Kewdale Industrial Precinct
- 3. The Springs Special Development Precinct and surrounding areas along Great Eastern Highway
- 4. Golden Gateway, Ascot Waters and Ascot Racecourse Precinct
- 5. Great Eastern Highway and Ascot Inn Precinct
- 6. Garvey Park, Redcliffe Station (DA6) and Redcliffe Industrial Precinct
- 7. Local and Neighbourhood Centres*

*Cash in lieu payments will be expended within the activity centre from which they were received, subject to suitable locations for public art being available.

Local Planning Policy No. 11

Figure 1: Public Art Precincts

The Public Art Precincts encompass key areas and future landmark locations within the City which accommodate or are proposed to accommodate increased levels of residents, employees or visitors. Contributions will increase the amenity, quality and appearance of these precincts and the surrounding environment.

4. Policy Objectives

- 4.1 To enhance a sense of place by encouraging public art forms which provide an interpretation and expression of the local area's culture, environment and built heritage.
- 4.2 To encourage innovation and creativity, and the community to interact with their environment and local cultural identity.
- 4.3 To improve legibility by introducing public art which assists in making streets, open spaces and buildings more identifiable.
- 4.4 To improve visual amenity through the use of <u>using</u> public art to screen unattractive views and improve the appearance of the public realm.

Local Planning Policy No. 11

- 4.5 To create local landmarks acting as focal points for the City, enhancing public enjoyment, and understanding of places through the public's exposure to and understanding of public art.
- 4.6 To ensure that there is equitable access to public art by placing it in locations that are accessible to all members of the community.
- 4.7 To enhance the functionality and utility of public spaces by incorporating public art into the urban landscape.
- 4.8 To require or impose a levy for contributions for the placement of public artwork in accordance with the <u>City of Belmont's</u> Public Art Management Plan <u>and Public Art</u> <u>Guidelines.</u>

5. Policy Definitions

The meaning of specific words and expressions used in this Policy are given below.

<u>Public Art</u>

The artistic expression and integration of a professional artist's concepts into areas which are capable of being viewed and appreciated by the public.

Public art is generally site specific and can include:

- Sculptures.
- Artwork features or enhancements.
- Murals or mosaic-covered floors, walls or walkways.
- Multimedia including sound, video projection or lighting.

Public art does not include:

- Business or advertising logos and signage
- Supergraphics or colour coding;
- Mass produced objects such as fountains, statues or playground equipment.
- Art reproductions or mass-produced art.
- Landscaping or generic hardscaping elements which would normally be associated with the development.
- Services or utilities necessary to operate or maintain artworks.
- Architectural features located on a building.

<u>Public Realm</u>

The public realm refers to outdoor spaces accessible to the wider public, including parks, road reserves, and other publicly accessible outdoor areas both indoors and outdoors.

Professional Artist*

Local Planning Policy No. 11

A practicing visual artist who satisfies a minimum of two of the following criteria:

- Has completed a university degree or minimum 3-year full time TAFE diploma in fine art, visual art or multimedia forms of art;
- Has a track record of exhibitingion artwork at reputable art galleries selling the work of professional artists;
- Has had work <u>purchased acquired</u> by major public collections or university collections or <u>Artbank</u>; or
- Earns more than 50% of their income from teaching art, selling art or undertaking public art commissions.

* This definition can be varied at the discretion of the City. in instances where it may be appropriate for an Indigenous or emerging artist to be engaged on a project <u>Depending on the</u> specific needs and context of a project, the City may, at its discretion, allow individuals who do not meet the formal classification of a professional artist to produce artwork to satisfy the requirements of this Policy.

Cash Contributions

Refers to cash-in-lieu funds contributed from developers to provide public art as part of development requirements. These funds are accepted by the City to then deliver public art projects within the Public Art Precincts.

Construction Value

The total estimated cost of carrying out a development. This is generally the estimated cost of development as stated on a building permit application.

6. Policy Statement

6.1 Contribution Requirements

- 6.1.1 The City of Belmont requires all development proposals within the precincts identified in Figure 1 of a value greater than \$4.5 million to contribute no less than one percent of the total construction value towards public art. This contribution can be fulfilled by:
 - Providing public art on the development site commissioned by a professional artist. Other locations will only be contemplated when approved by the City's planning department on advice from the relevant advisory panel; or
 - (ii) Making a cash contribution towards public art in lieu of (i) above and in accordance with the <u>City's of Belmont's</u> Public Art Management Plan <u>and Public Art Guidelines</u>; or
 - (iii) A combination of both (i) and (ii).
- 6.1.2 For developments of significant value (greater than \$100 million), the City may apply a flexible approach to the standard artwork contribution requirement, subject to a proposal being supported by a Public Art Strategy and demonstrating that public art outcomes on the site meet the Policy objectives.

Local Planning Policy No. 11

6.1.3 Where the Building Permit value is higher than the Development Application value, the higher of the two shall apply when calculating the public art contribution.

6.2 Public Art on development site

- 6.2.1 Prior to submission of a Building Permit, details of the public art proposal shall be provided to the City for approval in accordance with this Policy and thereafter installed prior to the occupation or use of the development.
- 6.2.2 Where public art is located on a private development site, this shall be maintained by the owners of the land for the life of the development.
- 6.2.3 Where art is proposed to be delivered on a site where the development is proposed to be completed in stages, a public art strategy shall be submitted to demonstrate how art can be delivered equitably across the relevant stages.

6.3 Cash Contributions

- 6.3.1 <u>Where a developer elects</u>, cash contributions from private developers will be accepted into the City's Public Art Reserve in accordance with the procedures detailed in the City of Belmont's Public Art Management Plan <u>and Public Art Guidelines</u>.
- 6.3.2 Funds will be used to deliver <u>City</u> art projects or to maintain <u>civic</u> art installations within the <u>activity centre or</u> relevant <u>public art</u> precincts from which the contributions were collected. <u>This is subject to suitable locations for public art being available.</u>
- 6.3.3 Developers providing an entire cash contribution to the City's Public Art Reserve are eligible for a 10% reduction on the Policy requirement. <u>The maximum discount for eligible cash in lieu contributions is limited to \$10,000.</u>
- 6.3.4 Contributions amounting to \$50,000 or less are encouraged to be paid as a cash contribution to the Public Art Reserve.
- 6.3.5 Where art is integrated into a development, the art contribution amount must be provided in addition to the overall cost of the development.
- 6.3.5 Cash in lieu payments eligible for the 10% discount will be accepted for developments with a cost up to a maximum of \$10 million; the maximum discount for eligible cash in lieu contributions is limited to \$10,000.
- 6.3.6 Cash in lieu payments will be expended within the activity centre or the public art precinct from which they were received, subject to suitable locations for public art being available.

Ordinary Council Meeting Tuesday 26 November 2024

6.4 Circumstances for Refunds of Cash-in-lieu Contributions

- 6.4.1 Cash-in-lieu contributions will only be refunded where it has been paid prior to the commencement of the development in the following circumstances:
 - (i) The development is no longer proceeding; and
 - (ii) The landowner/developer provides the City with a statutory declaration stating that the development will not be proceeding.
 - (iii) An amendment to a development application results in the value of the development becoming less than the required contribution value. The City may require verification of this via an independent quantity surveyor report, or building contracts; and
 - (iv) The landowner/developer provides the City with a statutory declaration confirming the amended cost of the development.

6.5. Separate Approval Generally Not Required for Public Art

Public Art, where provided on a development site in fulfilment of a condition of development approval, shall not require a further development approval.

Statutory environment

s5.8 of the Local Government Act 1995 (WA) ("the Act") states:

A local government may establish* committees of 3 or more persons to assist the council and to exercise the powers and discharge the duties of the local government that can be delegated to committees.

* Absolute majority required.

S5.9 of the Local Government Act 1995 (WA) states:

(1) In this section —

other person means a person who is not a council member or an employee.

- (2) A committee is to comprise
 - (a) council members only; or
 - (b) council members and employees; or
 - (c) council members, employees and other persons; or
 - (d) council members and other persons; or
 - (e) employees and other persons; or
 - (f) other persons only.
- s5.10 of the Local Government Act 1995 (WA) states:
- (1) A committee is to have as its members
 - (a) persons appointed* by the local government to be members of the committee (other than those referred to in paragraph (b)); and
 - (b) persons who are appointed to be members of the committee under subsection (4) or (5).
 - * Absolute majority required.
- (2) At any given time each council member is entitled to be a member of at least one committee referred to in section 5.9(2)(a) or (b) and if a council member nominates himself or herself to be a member of such a committee or committees, the local government is to include that council member in the persons appointed under subsection (1)(a) to at least one of those committees as the local government decides.
- (3) Section 52 of the *Interpretation Act 1984* applies to appointments of committee members other than those appointed under subsection (4) or (5) but any power exercised under section 52(1) of that Act can only be exercised on the decision of an absolute majority of the council.
- (4) If at a meeting of the council a local government is to make an appointment to a committee that has or could have a council member as a member and the mayor or president informs the local government of his

or her wish to be a member of the committee, the local government is to appoint the mayor or president to be a member of the committee.

- (5) If at a meeting of the council a local government is to make an appointment to a committee that has or will have an employee as a member and the CEO informs the local government of his or her wish —
 - (a) to be a member of the committee; or
 - (b) that a representative of the CEO be a member of the committee, the local government is to appoint the CEO or the CEO's representative, as the case may be, to be a member of the committee.

Background

Following the resignation of Cr Vijay, two vacancies have arisen on the below Committees:

- Executive Committee Member or Proxy Member
- Standing Committee (Audit and Risk) Proxy Member

Specific powers and duties for Committee Members are set by the constitution or Terms of Reference of each committee. If Cr Harris is intending to be a Committee Member he should make himself familiar with the roles and responsibilities of the relevant committee.

General (legal) duties for committee, group or association members are also worth noting:

(a) The duty to act bona fide in the interests of the association as a whole. Generally, Committee Members are vested with a right and duty to decide where the committee/group's interests lie, and how they are to be served, so their judgement is generally not open to review provided that the Committee Members have exercised their powers in good faith and not for irrelevant purposes or arbitrarily.

(b) **Duty not to act for an improper purpose.**

For example, to benefit oneself or one's associate, or to act in such a way as to disadvantage Members of the association whilst advantaging others.

(c) **Duty to avoid conflicts of interest.** This is particularly important where the Committee Member (or a close associate) has in mind to enter into a contract with the association in their own right.

(d) **Duty not to abuse confidential information or corporate** opportunities obtained in the course of Committee Membership.

(e) **Duty of care**.

The duty of care is said to be a duty to take reasonable steps to place oneself in a position to guide and monitor the management of the committee, group or association in the best interests of that company or association.

Report

Appointments to the Executive Committee and Standing Committee (Audit and Risk) are required following the resignation of Cr Vijay. Information regarding the purpose, composition and other meeting information for each Group is set out below.

The membership of each vacancy is until October 2025.

Executive Committee

Section 5.10(2) of the Act states that all elected members are entitled to be on at least one committee that is made up of elected members only (s 5.9(a)) or elected members and employees (s 5.9(b)).

As the City only has one committee that meets the requirements of 5.9 (a) or (b) of the Act, the Mayor and all eight Councillors are entitled to be a member of the Executive Committee.

Cr Harris, the newly elected Central Ward Councillor has the option to join this Committee if he wishes. If Cr Harris chooses not to be a Member of the Executive Committee, he would be appointed as a Proxy Member to Cr Sekulla (Central Ward Councillor).

Executive The substantial direction setting and oversight role of the Council e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

Purpose of report

To provide Council with relevant monthly financial information for the 2024-25 financial year.

Summary and key issues

The following report includes a concise list of material variances for the month ending 31 October 2024.

Officer Recommendation

That the Monthly Financial Reports as at 31 October 2024 as included in Attachment 12.4.1 be received.

Officer Recommendation adopted en bloc - Refer to Resolution appearing at Item 12.

Location

Not applicable.

Consultation

There has been no specific consultation undertaken in respect to this matter.

Strategic Community Plan implications

In accordance with the 2024–2034 Strategic Community Plan:

Key Performance Area: Performance

Outcome: 10. Effective leadership, governance and financial management.

Policy implications

There are no policy implications associated with this report.

Statutory environment

Section 6.4 of the Local Government Act 1995 (WA) in conjunction with Regulations 34 (1) of the Local Government (Financial Management) Regulations 1996 requires monthly financial reports to be presented to Council.

Regulation 34(1) requires a monthly Statement of Financial Activity reporting on revenue and expenditure.

Regulation 34(5) determines the mechanism required to ascertain the definition of material variances which are required to be reported to Council as a part of the monthly report.

Background

Local Government (Financial Management) Regulations 1996 (WA) prescribe that a Local Government is to prepare each month a Statement of Financial Activity.

Regulation 34(2) requires the Statement of Financial Activity to be accompanied by documents containing:

1. Explanation for each material variance identified between year to date budgets and actuals

2. Any other supporting information considered relevant by the Local Government.

Local Government (Financial Management) Regulations 1996 (WA) - Regulation 34 (5) states "Each financial year, a Local Government is to adopt a percentage or value, calculated in accordance with the Australian Accounting Standards, to be used in statements of financial activity for reporting material variances."

This regulation requires Council to annually set a materiality threshold for the purpose of disclosing budget variances within monthly financial reporting.

The materiality threshold has been set by Council at \$100,000 for the 2024-25 financial year.

Report

At the June 2024 Ordinary Council Meeting, Council adopted the materiality threshold for the 2024-25 financial year as \$100,000. The below table provides a summary of significant variances based on this materiality threshold. The detailed financial activity report is included at Attachment 12.4.1.

NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 31 OCTOBER 2024

1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996, prescribe that the financial report be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
 estimated useful life of intangible assets

MATERIAL ACCOUNTING POLICES

Significant acccounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

MATERIAL ACCOUNTING POLICIES

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A* (5). These assets are

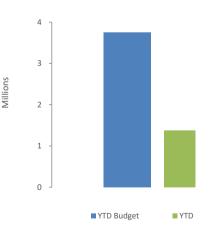

expensed immediately. Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as

one asset and capitalised. Initial recognition and measurement for assets held at cost Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are

depreciated and assessed for impairment annually. **Initial recognition and measurement between mandatory revaluation dates for assets held at fair value** In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.
